

MELLE BROADERICK

Elementary Art Teacher and Paper-crafter, **Melle Broaderick** is looking forward to working with you. By day, Melle has been an Art educator for over 20 years, and on the weekends a paper-crafter for almost as long.

She began scrapbooking after her first daughter was born. After that, the rest is history.

Melle feels confident that she can share with you any paper-crafting skill you might be interested in from card and tag making to mixed media canvases; from book binding to junk journals!
